

Play a Waltz and Go Home

Copyright 2001 Richard Ruane

Oh you've played all the night, it was easy as breathing
But time it keeps passing, the evening has flown
Now the people are tired, and thinking of leaving
Oh it's time, play a waltz and go home

Play a waltz and go home, your family is waiting
Play a waltz and go home, it's time now to go
Play a waltz and go home, don't wear out your welcome
To know when to leave is a good thing to know

Don't you miss all the cues, mistake the politeness
Don't ignore it or sure you'll be left all alone
The hour is late, and you know you can't fight this
Oh it's time, play a waltz and go home

Play a waltz and go home, your family is waiting
Play a waltz and go home, it's time now to go
Play a waltz and go home, don't wear out your welcome
To know when to leave is a good thing to know

Don't you miss all the cues, mistake the politeness
Don't ignore it or sure you'll be left all alone
The hour is late, and you know you can't fight this
Oh it's time, play a waltz and go home

Play a waltz and go home, your family is waiting
Play a waltz and go home, it's time now to go
Play a waltz and go home, don't wear out your welcome
To know when to leave is a good thing to know

Play a waltz and go home, your family is waiting
Play a waltz and go home, it's time now to go
Play a waltz and go home, don't wear out your welcome
To know when to leave is a good thing to know
To know when to leave is a good thing to know
