

This Is the Day

Copyright 2005 Richard Ruane

This is the day the trouble stops
The hard times go, the pressure drops
Today all worries go away. This is the day.
And this is the day you don't know doubt
Or wonder how things might turn out
Good things happen in their way. Oh, this is the day

This is the day you know, that won't go wrong
A day you're right, a day you're strong
A day the best of you belongs. This is the day
This is the day you thought, would not arrive
A day that makes your dreams survive
Today all troubles will be gone
Oh, this is the day. This is the day.

This is the day when good things come
A day your best work gets begun
A day you've needed for too long. This is the day.
And this is the day you start anew
A day all chances wait for you
A day for love, a day for song. Oh this is the day.

This is the day you know, that won't go wrong
A day you're right, a day you're strong
A day the best of you belongs. This is the day
This is the day you thought, would not arrive
A day that makes your dreams survive
Today all troubles will be gone
Oh, this is the day. This is the day.
This is the day. This is the day. This is the day.

This is the day when good things come
A day your best work gets begun
A day you've needed for too long. This is the day.
And this is the day you start anew
A day all chances wait for you
A day for love, a day for song. Oh this is the day.

This is the day you know, that won't go wrong
A day you're right, a day you're strong
A day the best of you belongs. This is the day
This is the day you thought, would not arrive
A day that makes your dreams survive
Today all troubles will be gone
Oh, this is the day. This is the day.
This is the day. This is the day. This is the day.
